

## REMARKS

This Amendment is submitted after allowance of the present application in order to provide minor correction of the claims.

In particular, the starting statement in the claims related to arrangement for an actuating mechanism has been amended in claims 1, 2 and 3 to eliminate the quotes and to provide corresponding articles, as requested by the Examiner.

It is believed that the claims currently on file should be considered in proper in accordance with the U.S. Patent Practice.

Respectfully submitted,

Michael J. Striker  
Attorney for Applicant  
Reg. No. 27233
